

*She will be ready for Reception....
But will YOU??*

Starting Reception in 2020?

If your daughter is about to embark on that great adventure that starts in Reception, you will want to make sure she has the best possible start.

At Croydon High Junior School we have a unique approach to laying those all-important foundations that help every little girl become the best version of herself.

We want every girl who moves up to our Reception Class to be excited and ready for all the opportunities and new challenges ahead. And that requires teamwork – between her and us...and you! Take the LEAP...join us for a Ready 4 Reception afternoon on Saturday 29 February from 1.30 -3pm.

For us, the proof is in the extraordinary young women in the Senior School, like Esha pictured here, who started their journey in our Nursery.

Esha is one of our Crystal Ivies, which means that when she leaves the Upper Sixth in the summer of 2020 she will have been a Croydon High girl for 15 years. Esha is now one of the Senior Prefect team planning to study International Relations at University. Her A levels, prefect responsibilities and a wide range of co-curricular activities keep her pretty busy, but she still finds time to help out in the Junior School. Visiting the Nursery and reading to the little ones there, brings back lots of happy memories but also reinforces that sense of community and responsibility that is such a part of life at Croydon High.

Your daughter will enjoy some fun activities in our modern, bright and inspiring Reception classrooms. Beware...she may not want to leave!

You will have the opportunity to chat to other parents and hear from our highly experienced staff about what to expect and – importantly – what you can do to prepare her to make this next big step. Between us, we will make sure she takes the LEAP, lands safely and is ready to FLY!

TO BOOK YOUR READY4RECEPTION PLACE, PLEASE REGISTER HERE.
