

Croydon High School
Scholarships and Awards
Sixth Form Entry 2021

Croydon High School
for girls aged 3-18

Croydon High is delighted to be able to award a number of scholarships, bursaries and awards to sixth form students. Applications for scholarships and bursaries must be received by 9 November 2020. If requested, an online Bursary Application Form will be made available once an application has been received.

WHAT IS THE DIFFERENCE BETWEEN A BURSARY AND A SCHOLARSHIP?

Scholarships enable us to recognise and celebrate gifted and talented girls, encourage them to develop their skill and talent and become a role model for excellence in these areas, demonstrating leadership as they move up the School.

There are two types of scholarship. Academic Scholarships and Performance Scholarships (in art, drama, music and sport) are awarded to girls who have demonstrated excellence in the relevant area in their competitive scholarship examination. Scholarships are awarded as a percentage remission of the full fee: usually between 5-20%.

We are also able to offer a limited number of bursaries which also take into account academic ability but, crucially, these are means-tested. The GDST will require full evidence of the household income and assets of the families applying for a bursary for their daughters to ensure that we can offer a GDST education to the most able girls, including those who are not in a position to pay full fees.

Bursaries are also calculated as a percentage remission on the full-fee amount, ranging from 30-100% of the fee, and their value is directly related to the income and financial resources of the pupil's family. For example, full bursaries (100%) are usually awarded to families with a total income of less than £40,000 per year and with no capital assets other than their home. **Academic performance will be a key consideration when the School is deciding to offer a bursary.**

Full details of the selection procedure for each individual scholarship can be found opposite and can also be discussed with the Head of the relevant department or our Admissions Registrar, Mrs Macmillan. These awards are open to all Year 11 pupils at Croydon High and applicants for our Sixth Form from other schools.

ADDITIONAL AWARDS ON ENTRY TO SIXTH FORM

HEADMISTRESS' SCHOLAR

Holders of two or more scholarships (or one in exceptional circumstances) will be recognised as Headmistress' Scholars.

This carries no extra financial weight beyond the value of the individual scholarships awarded.

SUBJECT-BASED EXHIBITION AWARDS

An Exhibition rewards high performance in individual academic subject papers through a financial award, which will be deducted from fees in one lump sum at the beginning of the Sixth Form.

An Exhibition may be awarded to students who opt to take papers in individual academic subjects (no more than two papers may be taken).

Exhibitions may also be awarded to students who sit for (but are not awarded) the Neligan Scholarship but who perform exceptionally well in one of their chosen papers.

Students will sit for the Exhibition Awards at the same time as those who sit for all other assessments on 28 November 2020.

The financial award for an Exhibition is halved if the student does not continue with the relevant subject to A level.

HOLDERS OF SCHOLARSHIPS PRIOR TO THE SIXTH FORM APPLICATION PROCESS

Those who hold a performance or academic scholarship from the school will retain this regardless of the process outlined above.

If the holder of a current scholarship is awarded an extra scholarship, either academic or performance, the two will combine to become a Headmistress' Scholarship and the value of the scholarship changed accordingly.

There is no extra weight given to a Headmistress' scholar beyond the value of the individual scholarships.

Scholarships are awarded at the Headmistress' sole discretion and there is no appeal process for the decisions taken.

SCHOLARSHIP AWARDS FOR UPPER SIXTH

At the end of Lower Sixth, the Jenny Park Award is presented to selected girls studying English and the Arts at A level.

Scholarship Trust awards for girls studying science, humanity, art or modern language are also available.
