

Croydon High School

for girls aged 3-18

One to Watch

This term, the Art & 3D Design Department started a new initiative called 'One to Watch'. This is about showcasing our upcoming talent and seeks to recognise pupils who have shown an excellent range of skills within their projects, either in GCSE or A level Art & 3D Design.

Pieces of work will be selected by different members of the Art & 3D design department each week. The work is then displayed outside the staff room for all to see. The work is changed weekly, so watch this space and you never know whose work you might see.
