

Theme: Protecting

Aim: To recognise the importance of looking after our environment, both locally and as a global community.

What you can do:

Plant the seeds that have been posted to you and watch as they grow.

They will attract butterflies, insects and many other creatures to your garden

Try and reduce the amount you use your car as a family – can you walk instead?

Be plastic aware. Read these tips about how to reduce your use of plastic, which ones are you already doing?

Go on a walk and see if you can do a litter pick.

You could even try 'plogging' which is jogging and picking up litter! Make sure you wear gloves.

Build a hog house for hedgehogs to snooze

Make a mini pond

Construct a compostarium

Make your very own Bug -ingham Palace for mini beasts to live

Make a bumblebee nest
