

Every Adventure

The *Junior School* at
Croydon High

Our girls never cease to impress with their enthusiasm and individuality. At Croydon High Juniors we strive to support each girl, as they become the very best version of themselves. There is no set formula for their interests and passions, just an expectation that they approach learning opportunities with commitment and curiosity. It's about...

Every girl Every day

Pastoral care at Croydon High Junior School is our number one priority, with the health and wellbeing of our girls at the heart of our community. Mental health is taken every bit as seriously as physical health and our curriculum reflects this, as does the sensitive and consistent approach to pastoral care taken by all our staff.

Sarah-Jane Pendleton
Head of Junior School

 *Croydon High has been nothing short of perfection. My daughter has flourished.* 

JUNIOR PARENT

Our girls are bursting with potential and it is a privilege to help them to explore and develop.

We know that attributes such as confidence and resilience, together with skills in presentation and reasoning, will be as important as academic qualifications for the girls' future success. They will not succeed 100% of the time, but what they learn from even their earliest experiences helps prepare them for the competitive nature of university applications, graduate entry schemes and taking professional risks when opportunities arise.

Visitors often comment on how relaxed and confident the girls are in their school environment. This is the most important element of what we do. Happy girls who are comfortable to talk about their work, their ideas and their concerns will be best placed to learn. Why not come and visit us, meet some of our remarkable girls and let them tell you more about why they love their school?

Little girl, *big dreams.*

Junior School is your daughter's first step on the road to future success and we are committed to making sure she makes the best possible start. We want to instil in her the confidence to believe she can do anything, in a learning environment where she will be stretched and supported every step of the way.

 *Knowing yourself is the beginning of all wisdom.* 

ARISTOTLE

Your daughter's journey of self-discovery is the foundation of her learning. Only when girls have a clear sense of personal identity, understanding their strengths and their character, can they embrace new experiences with true confidence.

We value every one of our girls as an individual, celebrating her unique talents and aspirations. As an expert in the education of girls, with almost 150 years of experience, we understand the importance of setting high expectations from the very beginning. At every stage, girls are encouraged to stretch themselves beyond age expectations and the curriculum is structured to teach even our youngest girls that there is no 'glass ceiling'.

*Your view is infinitely precious.
It doesn't have to conform to
anyone else's ideals.
Let it be your own.*

YEAR 6 GIRL SPEAKING ABOUT
INDEPENDENT LEARNING
IN THE JUNIOR SCHOOL

High School
EST

Creativity in all forms is encouraged right from the beginning. Specialist teaching in Music, Drama, Art, Sport and Enterprise Technology begins in Nursery.

The World Economic Forum estimates that 50% of employees will need to be ‘re-skilled’ by 2025 as a result of the ‘double disruption’ of the pandemic and increasing computerisation, with some 85 million roles being replaced entirely by automation.

Whilst the future of the employment market is far from certain, we can be sure that creative and ‘essential’ skills have never been more crucial, and our curriculum is designed with this in mind.

Alongside ambitious and exciting subject content, we prioritise the development of five key skills – Collaboration, Creativity, Emotional Intelligence, Problem Solving and Resilience.

This makes for a vibrant and dynamic teaching and learning environment for both staff and pupils.

We provide academic challenge,
unique education for

extensive enrichment and a remarkable girls.

May her character & talents inspire others

Our girls are bright and eager to learn. Inspirational teaching and a focus on the individual helps them develop their own unique skills and talents, maximises their personal potential and prepares them academically, emotionally and socially to make a seamless transition to our Senior School.

“Pupils make rapid progress in developing knowledge, skills and understanding as a result of well-prepared teaching and their own determination and curiosity.” ISI Report October 2022

If you would like to find out more about what makes Croydon High Junior School such a very special place, the best thing to do is to visit us. We understand this is your daughter's future you are planning and we know you will have lots of important questions to ask. So, come and talk to the girls and their teachers and have a tour of our impressive facilities. We look forward to meeting you.

Call **020 8260 7572** or email **admissions@cry.gdst.net** and we will be delighted to arrange a visit at a time to suit you.

GDST
GIRLS' DAY SCHOOL TRUST

Croydon High is proud to be part of the Girls' Day School Trust. Founded in 1872, the GDST has always been at the forefront of educational provision for girls and as a charity, reinvests all income in to its schools for the benefit of the pupils. There are about 20,000 pupils in the 23 GDST schools and two academies throughout England and Wales.
