

Croydon High School

Our Code of Conduct

RESPECT FOR OURSELVES

We take pride in our work, behaviour and personal appearance at all times, not just in school.

We should push ourselves to the best of our ability in all kinds of things.

We understand that it is our personal responsibility to look after our own health and wellbeing, which includes asking for help when needed.

We know that smoking, drinking alcohol and the use of illegal drugs are absolutely forbidden on our school premises.

RESPECT FOR OTHERS

We show good manners, kindness and concern for others at all times.

We move around the school in an orderly, respectful manner.

We understand that sometimes there is a need for silence.

We never tolerate bullying or violent behaviour.

We do not allow offensive or inappropriate material, in printed, digital or verbal form, to be shared.

We listen to one another and pay attention to instructions.

We are tolerant; respecting the rights of others to hold and express opinions different to our own.

We honour commitments to our academic and co-curricular responsibilities.

RESPECT FOR OUR ENVIRONMENT

We respect the school's property - and other people's in the same way as we respect our own.

We do not borrow anyone else's work, ideas, or property without their permission.

We know that buying, selling or exchanging goods at school without permission is not allowed.

We know that theft and vandalism are unlawful and will have serious consequences.

We respect our environment and we make every effort to protect it; we aim to keep our school and grounds tidy, pleasant places to work and learn, now and in the future.
