Dear All

Re: Harvest Donations 2023

Once again, we write to thank all those involved in donating food to us this year.

This ongoing support helps us provide food parcels to families who are struggling to make ends meet. They are often referred to us by Social Services, G. P's, and other such professional support agencies.

If any of the girls would like to come and see where and how their donations are distributed, we would be happy to arrange this. (We could facilitate 2 pupils)

We always like to give feedback and so far, this year we have distributed over 2,550 parcels. Once again, a heartfelt thank you.

Yours sincerely,

Mary Russell-Redman
Community Support
